WHEREAS, in December 2019, a novel coronavirus, now designated Coronavirus disease 2019 (“COVID-19”), was detected in Wuhan County, Hubei Province, China; and

WHEREAS, on March 11, 2020, the World Health Organization declared COVID-19 as a pandemic and urged that all countries take urgent and aggressive action; and

WHEREAS, on March 13, 2020 the United States President declared a National State of Emergency to prevent the spread of the COVID-19 virus; and

WHEREAS, on March 13, 2020 the Governor of the State of Texas issued a Proclamation declaring that the COVID-19 virus poses an imminent threat of disaster to the citizens of the State of Texas and further declared a State of Disaster for all counties in the State of Texas; and

WHEREAS, on March 16, 2020, the CDC lowered the recommended number of persons at mass gatherings to 10 persons; and

WHEREAS, on March 19, 2020, Texas Governor Greg Abbott issued orders, prohibiting social gatherings in excess of 10 people; and

WHEREAS, on March 22, 2020, the Governor issued orders dealing with hospital care during this crisis; and

WHEREAS, at his March 22, 2020 press conference, the Governor acknowledged that the urban centers may need to enact more stringent measures to address this public health emergency and stated that he would applaud the cities for doing so; and

WHEREAS, as of March 23, 2020, there are 352 persons confirmed to have COVID-19 in Texas; and

WHEREAS, as of March 23, 2020, eight Texans have died from COVID-19; and

WHEREAS, because of the risk of the rapid spread of the virus, the need to protect the most vulnerable members of the community, the intent to ensure that the maximum number of people self-isolate in their places of residence to the maximum extent feasible, while enabling essential services to continue, and the desire to slow the spread of COVID-19 to the maximum extent possible, this resolution is required; and

WHEREAS, this Order is issued based on evidence of increasing occurrence of COVID-19 throughout the Central Texas area, scientific evidence and best practices regarding the most effective approaches to slow the transmission of communicable diseases generally and COVID-19 specifically, and evidence that the age, condition, and health of a significant portion of the population of the City places it at risk for serious health complications, including death, from COVID-19; and

WHEREAS, making the problem worse, some individuals who contract the COVID-19 virus have no symptoms or have mild symptoms, which means they may not be aware they carry the virus; and

WHEREAS, because even people without symptoms can transmit the disease, and because evidence shows the disease is easily spread, gatherings can result in preventable transmission of the virus; and

WHEREAS, the scientific evidence shows that at this stage of the emergency, it is essential to slow virus transmission as much as possible to protect the most vulnerable and to prevent the health care system from being overwhelmed. One proven way to slow the transmission is to limit interactions among people to the greatest extent practicable. By reducing the spread of the COVID-19 virus, this Order helps preserve critical and limited healthcare capacity in the City; and

WHEREAS, a declaration of local disaster and public health emergency includes the ability to reduce the possibility of exposure to disease, control the risk, promote health, compel persons to undergo additional health measures that prevent or control the spread of disease, including isolation, surveillance, quarantine, or placement of persons under public health observation; and

WHEREAS, the City Council has determined that extraordinary and immediate measures must be taken to respond quickly to prevent and slow down community spread of COVID-19; and

WHEREAS, the City Council finds that it is in the public interest to authorize additional authority as described herein pursuant to the Texas Disaster Act of 1975, as amended, Vernon's Texas Government Code, and provide rules to protect the health of persons in the City pursuant to the Texas Government Code, as amended, and the Texas Health and Safety Code,
